Memorial Sloan Kettering Cancer Center | GIVING

December 16, 2022

Dear Joey's Fund Car Show Community,

On behalf of the Memorial Sloan Kettering Cancer Center (MSK) Office of Development, I am honored to share a special announcement about the Joey's Fund Car Show fundraiser reaching an exciting philanthropic milestone.

Since 2018, Joey's Fund Car Show has raised and incredible $50,500 for the Patient Financial Assistance Program at MSK. Every single dollar raised by your community went directly easing the financial burden associated with cancer treatment for a number of MSK patients. This allows our patients to focus on what really matters – getting their treatment.

We hope you, the Joey's Fund Car Show Community, come together to reflect on the impact you have on these patients and their families. On behalf of all of us in the MSK community, thank you for your longstanding generosity.

With gratitude,

Rachel Flannery
